

The Old Rectory

Featured on BBC *Gardeners World* in December 2023, this garden looks amazing at whatever time of year you visit. The Arne Maynard designed front garden, with pleached crabtree border and topiary, is spectacular with deep borders filled with tulips in all the sweet colours of purple, peach and orange. The woodland garden is so pretty at this time of year with running streams and large ponds, bordered with *Symphytum*, wood anemones and primulas. Walled garden with informal planting, kitchen garden, orchard and 350 rose bushes for a cut flower business. Homemade teas.

Open: April 27 & 30 (11am-5pm)

Where: Litton Cheney DT2 9AH

Purchased tickets on the day or in advance via ngs.org.uk
