## BRIDE VALLEY CAR SERVICE

The BVCS is a volunteer scheme offering residents of the Bride Valley transport to and from medical appointments when they are unable to drive themselves or be driven by relatives or friends.

Clients are charged a mileage fee (currently 50p per mile) plus a standard charge (currently £1.00 per journey). Because the service depends on the availability of volunteer drivers, clients are asked to give as much notice as possible – we are unlikely to be able to respond to requests within 48 hours of an appointment.

BVCS simply provides door-to-door transport and cannot be responsible for assisting with clients' medical or mobility needs. Patients with complex transport needs for hospital appointments should contact the NHS Non-Emergency Patient Transport service.

To book a journey please call our voluntary co-ordinator  
on **07393 607025 (note new number)**

between Monday and Friday.

Calls cannot be taken at weekends.

## FROM THE RECTORY

I've just received a phone call asking me to open the village fete. Of course I said 'yes' it will be an absolute privilege. It got me thinking though about all the people we rely on to ensure these fetes are successful. Organisers, advertisers, welcomers, stallholders, cake makers, entertainers, raffle prize donaters, treasurers, people who set up and take down. A whole range of people with different gifts and abilities who all work very hard.

I want to use this opportunity to say thank you to everyone involved. Your help is greatly appreciated. Our churches often rely heavily on these and other fundraising events to run smoothly.

There are other ways people contribute to the life of our churches that often go unrecognised too so I thought this would be a good time to say thank you to all involved.

There are the obvious people, those who belong to the ministry team as associate priests, retired priests, licensed lay ministers, lay worship leaders, musicians and lay pastoral assistants, each using their gifts as leaders, preachers, teachers, missionaries and pastors; all of these volunteer their time and talent.

We have volunteers who help run Tots Time, our weekly Toddler Group, the Open the Book teams who go into our schools to bring the bible alive in accessible ways. A team who run Big Q Church at Thorners and a host of foundation governors at our church schools offering their time and expertise.

Then there are churchwardens, sacristans, vergers, treasurers, secretaries, safeguarding officers and members of the church councils. Bellringers, readers and welcomers, those who unlock and lock our churches each day. Often behind the scenes we also have flower arrangers, teams preparing refreshments, cleaning teams aka holy dusters and those who look after our churchyards and burial grounds. And some people do several of these tasks! And others who represent our churches outside of our area.

Also, editing, contributing news and delivering the BVN. Not forgetting our wonderful administrator, Helen.

I salute you all. God has called and you have responded. Thank you, our churches could not be the Christian presence in each community that they

continue to be without you. Together we really are continuing the work of centuries of Christians in our communities. You truly are living out the biblical principles of serving one another in this place.

“Each one should use whatever gift he has received to serve others, faithfully administering God’s grace in its various forms.” 1 Peter 4:10

If you’ve read through the list and you’re feeling left out, don’t be! There are always opportunities to join in, to belong to the army of volunteers who shape who we are. Don’t hesitate to contact me if you’d like to contribute to the life of our churches. You may be just what we need for the future, even if your skills or resources aren’t on the list yet, there’s always room for more.

With every blessing,

Jane (Rector of the Bride Valley Churches)

## THE BRIDE VALLEY BOOK CLUB

### JULY Review

We were impressed by Hallie Rubenhold's "The Five" and thought it was an admirable piece of extended research. Of course there have been countless books, magazine articles, documentaries and genuine instances of historical research into the 19th century serial killer known as Jack the Ripper. So much so that this body of work tends to be known in the publishing world as "Ripperology". Much of this has focussed on the identity of the murderer who killed five women in the 1880s East End of London in quite rapid succession. Hypotheses have included everyone from one of Queen Victoria's sons, a visiting American barber/surgeon to the artist Walter Sickert. There is no secure evidence to support any of these theories - we will never know - or indeed understand - what motivated the killings and why they stopped as suddenly as they had started.

Hallie Rubenhold has chosen to focus neither on the perpetrator of these crimes nor on the grisly details of the deaths themselves. She takes each victim in turn and gives us a meticulously researched account of their lives. That she is able to do so by digging into a wide range of archive material is a tribute to her determination to give each of the victims a context and an identity - something which has been denied them throughout history. The received wisdom has always been that these five women were prostitutes. In fact we learn that only one of the women had consistently earned her money in this way. Rubenhold acknowledges that a further two of the women might have resorted to soliciting as a desperate measure to avoid sleeping rough on the streets - but to dismiss all five victims in this way is very mistaken.

The women had much in common towards the end of their lives, alcoholism, poverty, homelessness, hunger and poor health - leading to spells in the workhouse, desertion and rejection by their menfolk - and in some cases by their children and wider family. They were all concentrated in the notorious warren of streets where cheap lodging houses could be found. However this is not where they came from. One of them was Swedish and had travelled from Gothenburg to work as a servant, another had married into the prestigious Royal Household Cavalry and spent time living near the Knightsbridge Barracks. The final victim was a younger woman whose identity was very blurred, she was probably Welsh but had adopted an Irish name. One woman was from the Wolverhampton area and another came from a family of printers in the Fleet Street area of The City. Surprisingly for the time - most

of them were literate. The author incorporates a wealth of fascinating information into this account. The London Workhouses kept detailed records which show how some of the women kept returning to these institutions because they were destitute. The census information was also revealing about changes of address and named occupations. Even the Whitechapel Swedish Church had kept records of when the Swedish victim had applied for charity. By contrast the police records were more patchy especially with regard to the various coroner's inquests. Heartbreaking inventories are included as to what each woman had on her person at the time of her death - showing us the meagre possessions they had, the items they treasured and the clothes they wore.

We did agree that the author had adopted a distanced and unemotional tone in her telling of these stories. On balance we felt she had done this precisely because the subject matter was so distressing. These were women who had been reduced to desperation because their life chances were so affected by poverty, illness, incessant child bearing and an almost complete lack of protection by the law or the state. They lacked almost every safety net (and goodness knows these are little enough) available today in our society. Abandoned by their partners they often had little choice but to find another man - no matter how unsuitable - in order to survive.

We all felt profoundly grateful that we live now and not back in the 1880s. This was not an easy read but it was salutary to be reminded by the author that the perpetrator of these outrages - still walks amongst us - misogyny is alive and well in 21st Century Britain.

## **Tots' Time**

On the week that Cilla told the Bible story, about Jesus turning water into wine at the wedding in Cana, our older Tots made their own 'cocktails' for their parents. One Dad had the privilege of sampling **THREE** interesting drinks produced by his three children!

July 15th is the final week for Tots before the summer holidays. We recommence on Friday 9<sup>th</sup> September. Again, thanks to God for so many fine Friday afternoons !

At Tots' Time we welcome 'bumps' to school-age children with their parents/ carers, so if you, or some-one you know, would enjoy Tots' Time why not give it a try, any Friday in term time from 2.00 to 3.00ish (depending on when you need to leave).

## Bride Valley Gardening Club

In June Phil Gamble brought a number of plants to show us how to use them when creating our own herbaceous borders, even if we don't have the space seen in many of the gardens we visit.

We held our Flower and Garden Produce Show on July 2<sup>nd</sup>. Even though there were fewer entrants it was lovely to see people enter for the first time and win prizes. We had a good number of visitors to judge the exhibits and enjoy the excellent refreshments. We extend our grateful thanks to all who made the day a success: those who organised the event, helped out on the day, provided the cakes and scones, and to everyone who exhibited the 'fruits of their labours'. Congratulations to all winners.

We have a summer break during August but look forward to welcoming Cyril Whitlock, talking about growing dahlias, **on Monday 19<sup>th</sup> September, at LATCH in Litton Cheney at 7.30pm.**

### ***Jobs to do in August***

Prioritise watering, looking for those plants that dry out and wilt quickly in the sun.

Keep deadheading spent blooms to prolong the flowering season of your border and pot grown plants.

Pot up any self-sown seedlings to grow on and plant out next spring.

Collect seed ready to sow in the autumn or keep until the spring.

Feed salad crops in containers with a high-nitrogen liquid fertiliser; use a high potash feed for tomatoes to encourage ripening.

Continue to sow spring cabbages.

Sow last batches of peas and dwarf beans.

Harvest or pinch out basil frequently for bushier growth.

## Our Night Sky in August 2022

Saturn will be rising in the east after sunset, followed by Jupiter and Mars, but Venus will be lost in the dawn sky. It's a good time to observe Saturn since it will be visible throughout the night, although it is low on the horizon, and therefore vulnerable to the shaky atmosphere. Well worth taking out binoculars and sweeping the Milky Way, which is always a treat, and look out for the "Summer triangle", comprising Altair, Deneb and Vega.

The recent imaging of a Black Hole has once again brought these strange objects into prominence. They were forecast to exist for a long time, but even Einstein, who calculated that they should exist, felt that Nature could not possibly allow such a strange object!

A black hole is a place in space where gravity is so strong that even light cannot get out. The gravity is so strong because matter has been squeezed into a tiny space. This can happen when a star is dying. Because no light can get out, people can't see black holes. They are invisible. Space telescopes with special tools can help find black holes. The special tools can see how stars that are very close to black holes act differently than other stars.

Black holes can be big or small. Scientists think the smallest black holes are as small as just one atom. These black holes are very tiny but have the mass of a large mountain. Another kind of black hole is called "stellar." Its mass can be up to 20 times more than the mass of the sun. There may be many, many stellar mass black holes in Earth's galaxy. The largest black holes are called "supermassive." These black holes have masses that are more than 1 million suns together. Scientists have found proof that every large galaxy contains a supermassive black hole at its centre. The supermassive black hole at the centre of the Milky Way galaxy is called Sagittarius A\*. It has a mass equal to about 4 million suns.

Stellar black holes are made when the centre of a very big star falls in upon itself, or collapses. When this happens, it causes a supernova. A supernova is an exploding star that blasts part of the star into space; the rest collapses into either a neutron star, or a black hole, depending on how massive the remnants are.

A black hole cannot be seen because strong gravity pulls all of the light into the middle of the black hole. But scientists can see how the strong gravity affects the stars and gas around it; if they are orbiting, a black hole,

scientists can calculate the size of it from the speed of the orbiting stars. This was how the size of our galaxy's black hole was calculated.

Another way of observing black holes is when a black hole and a star are close together, the black hole attracts material from the star which circles round it at an ever-increasing speed, and this disc of material becomes so hot that it emits x rays, which can be observed by satellites equipped with xray detectors.

Should we be afraid that Earth could be sucked into a wandering black hole? I do not think so, but I will not be around for you to send angry emails to me if it is, and e mails will not exist either! Pleasant dreams!

*Bill Turnill*

## Burton Bradstock CE Primary School

**This is my final Bride Valley News article of this academic year in what has been an extremely busy half term. I know all the children (and staff) are looking forward to their summer holidays – they certainly deserve some downtime after this year!**

Our Year 6 children are all heading off to The Sir John Colfox Academy in September. They are a fantastic group of children and I know that they will continue to do well and represent the Burton family. We hope to welcome them back as sports leaders, work experience students and student ambassadors in the future.

We also say goodbye to Mrs Procter and Mrs Steward and our final goodbye to Mrs Matthews. We are holding a special goodbye assembly for Mrs Procter this week and we also have our annual Leavers' service where the other staff that are leaving will receive a proper Burton send off. We will miss them all and wish them good luck for the future.

In June, we held our Sports Day which was a great success. Our KS2 Athletics competition kicked us off in the morning and was organised using the four disciplines from 'Quadkids'. During the afternoon, we held a carousel of activities in mixed age teams, each being led by one of our Year 6 children. Well done to Daisie's Dashing Dogs who were our winning team!

Every class has been out on a trip this term; Year 6 visited Salisbury on the train, took part in the Leavers' service and had a special meal at Pizza Express, Year 5 children enjoyed their subject taster days at Colfox, Year 3 and 4 had a great trip to the beach courtesy of the National Trust and Mat Follas, Robins went beachcombing and Wagtails spent the day at Vurland's farm.

The whole school also took part in the village produce show. Our winners were:

Wagtails – Beach scenes - 1st Robyn, 2nd Ralphie, 3rd Lola

Robins – Frozen Ocean - 1st Erin, 2nd Amelia, 3rd Evelyn

Kingfishers – Tropical Fish - 1st Frankie, 2nd Jude, 3rd Grace

Owls – Robots - 1st Archie, 2nd Richard, 3rd Lily

Thank you to the Village Society for the wonderful prizes for the children. Let's hope the weather is kind to us over the summer break and I look forward to sharing our news with you in the new academic year.

Our walking group of various ladies and their canine friends continue to try out , relatively easy, different evening strolls led by a volunteer each month. July's walk was to the Kingston Russell stone circle and the mare and her colts. Thankyou to Meryl for leading us.

In August the group is going to explore Shipton Gorge where one of our newer members has volunteered to lead the group .

The Skittles team won the last of their Round 1 games and have now progressed to the semi-final which will be played on Tuesday 26th July against Wool WI on a neutral alley.

Our July meeting was our summer party at Hive Beach where some of the hardier ladies went for a swim first before we all had fish and chips on the beach. Most of our members came along and after the food and drinks they took part in lively discussions of ideas for the next year to assist the committee in putting together a programme with something for everyone. Fortunately it was after the really hot days and was pleasantly warm with a light breeze. The very welcome drinks were

kindly donated by the Hive Beach Café—a big thank you to them.

In August we are visiting Abbotsbury Flowers to look at their new venture and learn more about their way forward for the business.

We meet on the third Thursday of every month in Puncknowle Village Hall at 7.30pm and if you live in the Valley and would like to join our WI, do please get in contact on our email. A copy of our programme for the year can be emailed to you if requested.

## TAI CHI COMES TO LATCH

**Bamboo Grove Tai Chi School will begin offering classes in Tai Chi and Qigong (Chinese breathing and stretching exercises) at LATCH from September. With us you will learn traditional tai chi and qigong for the modern world, for the most part accessible to people of all ages and levels of physical fitness.**

### What are Tai Chi and Qigong?

Tai Chi is a profound system of exercise and body-mind training ideal for helping people tackle many problems caused by modern life, such as sedentary, inactive lifestyles, endless "multitasking", chronic levels of stress, overuse of digital media and technology, and disconnection from nature. Originating as a martial art, it is now practised by the overwhelming majority of learners for health and well-being.

The qigong exercises that we teach can be considered as sequences of stretches, twists and stepping movements which, combined with specific breathing techniques, help to release tension as well as opening out, grounding and energising the body. They serve as a good preparation for beginning tai chi, but can also be practised on their own.

### Our classes feature:

- traditional tai chi and qigong, deriving from authentic lineages;
- balanced and flexible training, whatever your aims;
- live, in-depth and time-efficient classes, supported by an increasing range of online material;
- a certified Advanced Instructor of the Tai Chi and Qigong Union of Great Britain and a highly experienced educator.

## St. Mary's Church

Last month we were sad to say goodbye to Helen and Richard Jones who have moved to the other side of the country to be nearer their daughters and grandchildren. They have been loyal members of St. Mary's for the twelve years they lived in the village and both were members of the PCC. Richard served as Churchwarden from 2013 to 2021. Helen was a Governor of Thorner's School and chaired the committee for several years. They always took an active part in all the church activities; Helen sang in the choir and Richard organised several of the village fetes. They will be much missed and we wish them every happiness in their new home.

### DORSET HISTORIC CHURCHES RIDE AND STRIDE 2022

Calling all cyclists! This year's event will take place on Saturday 10<sup>th</sup> September. Get yourself sponsored (complete a form with cash donations or use JustGiving online) and pedal (or walk) to as many of Dorset's churches as you can; the object being to raise money for the preservation of the county's historic church buildings. Half the money raised comes back to the village for the upkeep of our church. Here's a challenge, in 2000 your correspondent pedalled his old Raleigh Pioneer to 37 churches so get aboard your Pinarello Dogma (or similar modern steed) and better that! Contact Freddie Spicer for details for taking part (482617 or [fandspicer@gmail.com](mailto:fandspicer@gmail.com)). If not walking or riding please sponsor someone who is. (Note – stage 7 of the Tour of Britain takes place that day from West Bay to Ferndown so plan your route accordingly or if you'll be watching (or partaking!) you can do the DHCT ride any day from 4<sup>th</sup> to 16<sup>th</sup> September).

### Litton Cheney Parish Council

The next Parish Council meeting will be on Tuesday 13<sup>th</sup> September, 7.30 pm at LATCH. Meetings can occasionally be exciting, and being in the audience at the time can perhaps make your day – why not give it a go? There will also be a chance for you to bring up any pressing issue you may have during Democratic Time.

## Events at LATCH – for August

### **Weekly:**

Wednesdays: 16.30 – Table Tennis ([Ron Davidson 482661](mailto:Ron.Davidson@482661))  
19.00 – Yoga with Anna Forrest ([annaiyengaryoga@gmail.com](mailto:annaiyengaryoga@gmail.com)) **[NOT 13<sup>th</sup>]**

Coming up in September – Tai Chi – see Valley Notes poster for details.

### **Litton Cheney v Puncknowle Annual Football Match Sunday 31<sup>st</sup> July**

Peter Gull has started to put together a team of athletic, sporty, match winning players who will revenge last year's defeat by Puncknowle. Whatever, we wish Peter and his cohorts the very best of luck, and whatever the outcome, we hope you will manage to do it all again next year.

## **Mary Anderson & John Yates**

In May two of our well established and long dwelling village residents sadly left us, and it would seem highly appropriate that we make mention of them here to mark their passing and inform those who have yet to hear the news.

Mary, the much loved wife of Gordon and friend to many in the village, died in May but had been expected to go on for ever – that was the plan. Sadly age, ill health and ailments took their toll but a look back on her many incredible achievements during the course of her life can be found in her eulogy reproduced on the village website [www.littoncheney.org.uk](http://www.littoncheney.org.uk)

John during his lengthy time in the village kept a slightly quieter profile but for many years was the village correspondent for the Bride Valley News, and in a previous life had been a Basingstoke Town Councillor. In the last few years John had been somewhat immobile but during lockdown, John's wife Sandra would often wheel him up to the bus shelter and he would chat amiably with passers-by, regaling them (including me) with stories of politicians he had known over the years.

To both of these wonderful people – **R.I.P.** Our thoughts are with Gordon and Sandra and their families.

## **The White Horse – Thirst Come, Thirst Served**

At the time of writing we are experiencing quite a heatwave and we are here to help you all with that tremendous thirst we are all suffering with by way of lovely cold beers, wines and soft drinks. Excuse me a moment while I go in search of a nice cold cider! Aahh, found it 😊 already.

We are now moving into the height of the season and our programme of live music in the garden every Sunday afternoon from 3pm is proving to be very popular. We have some great acts lined up for August so be sure to put 3pm every Sunday in your diaries.

During the holidays we will be open all day every day except Mondays when we'll be open at 5pm with Sourdough Ted and FroCo Whip providing us with pizzas, ice creams and I might even fire up our outside fryers and do some fries to go with the those pizzas.

We'll have our lunch time menu available Tuesday to Saturday and our full summer menu available Tuesday to Thursday and Saturday evenings with "probably" the best fish and chips in the valley on Friday evenings and a roast on Sunday lunchtime with a small supporting menu.

**We look forward to seeing you all in August**

*Stay safe - with love and best wishes from the team at The White Horse*

## St. Michael and All Angels

2022 might reasonably be seen as the “summer of love” in Littlebredy, with two Church weddings and two wedding-associated cricket games. Last month’s edition didn’t mention the second wedding, in case it would be the only news for this one – though that has turned out not to be the case.

Anyhow, we can now wish all happiness, fulfilment and success together to Matthew Fry and Kate Loveless, whose wedding here takes place on Saturday 30th July. Matthew’s father and three uncles grew up in the village, at Foxholes Farm, and it is good that the Fry family still cherishes the connection. This happy event should cement it anew and we send every best wish to all concerned.

Mention of cricket above leads on to the sad news of the death of Cliff Payne on the 23rd June. Although living in Parkstone, he never lost his West Dorset (Cattistock originally then Wynford Eagle) roots, and has been the mainstay of the Bride Vale Cricket Club for the past two decades. His building skills have been deployed on several Littlebredy properties over the years, but he always regarded our cricket pavilion (which he built more or less single-handed from the foundations upwards in 2008-09) as the most satisfactory job of his career, and the present excellent state of the field is mainly due to his conscientious groundsmanship too. A larger than life character in many ways (as photographs will attest), he was a wise and encouraging guide to younger team-mates in his playing days, and will be much missed by local cricketers here and elsewhere.

Closer to home, though, and sadder in many ways because of that, was the passing of Ann Peppiatt the previous day. Over the 20 plus years that she and Brian have lived at Pitcombe, they have been generous and benevolent supporters of many village activities of various kinds.

Naturally self-effacing, Ann may have tended not to seek the limelight, but she was a lady of numerous discreet good works for the benefit of local

neighbours. For many years she attended to the bell-ringing in Church, but the greater opportunities provided by the Longbredy tower increasingly appealed to her as time went on, and it is at St. Peter's that she was buried on the 4th July, following a private family funeral. May she rest in peace, and we send all condolences and sympathy to Brian and all the family in their bereavement.

## **BRIDE VALE CRICKET CLUB.**

Your local Cricket Club is the Bride Vale Cricket Club, which plays almost entirely non-league friendly fixtures on Sundays against local and touring oppositions. The very picturesque ground is right at the east end of the valley, in Littlebredy, and new players, volunteer groundsmen, umpires, supporters, spectators and/or wellwishers of any kind are of course always welcome to make themselves known. For a 2022 Fixtures List, or to express interest in any other way, please e-mail: [pw@bridehead.com](mailto:pw@bridehead.com).

Although almost by definition the press dates of the BVN mean that reports are well out of date before publication, the Chairman has provided the following summary of the opening few games of the season:

*Anyone driving or walking past the ground at Bridehead just a few short weeks ago would quite possibly never have guessed that it had ever been anything other than a cowmeadow, However, with the assistance of a friendly farmer's tractor and topper, it was once more miraculously transformed into the home of cricket in the Bride Valley.*

*Thus far five games have been played: two were won relatively comfortably; two were lost despite fierce resistance on our part; and one, on the day of all the street parties, was eventually abandoned as a wet draw. There are no superhero stars – no-one has yet either scored a fifty or taken five wickets in an innings. Some of the catches dropped have been utterly appalling, and indeed one of the club's most productive fundraising schemes continues to be the post-match kangaroo court when fines are handed out for inappropriate cricket or general behaviour.*

*Home fixtures are followed by a visit to the White Horse at Litton Cheney, who very kindly sponsor the team with food that we probably shouldn't be eating but are too polite to refuse. It has all been thoroughly enjoyable and exactly what Sunday cricket should be all about. B.E.*

We would love to include your choice of hymns in the service, and you are welcome to browse our hymn book in church for ideas. If there is a special hymn you would like to sing, please let us know. We hope that we will be able to include everyone's favourite hymns.

You can contact either Sue Taylor 01308 898523 or Sally Bowsher 01308 897987.

Both events run by the Village Society. Update nearer the time.

### Come and join us

How do you feel about joining us on the village society in helping us plan future events for the village. We need your enthusiasm as we have had a number of villagers stepping down and, rather than talk about these issues amongst yourselves, come along and put your ideas forward and make a difference.

We hold approximately four meetings a year, are a friendly bunch and would welcome you to join our committee.

What do you think !!! Our next meeting will be at the village hall on the 6<sup>th</sup> Oct. Come along and see what we do. I think you will enjoy getting involved.

Maybe if this is not for you, what about putting yourself forward as a volunteer or helper for village events. This would mean a great deal to us knowing that we could contact you when help is needed.

If you wish to get involved and want to speak beforehand you can either call me, mail me or buy me a pint!

## PARISH COUNCIL

Our **Footpath & Bridleway Project** is up and running, and thank you to those who have already offered to take part, but we do need more volunteers to come forward so that we can check all the footpaths and bridleways in the parish. Maps are provided and available from either Christine Huxtable (897519) or Diane James (897151) who are co-ordinating the project.

A lot of trees were planted in the village for the Queen's Green Canopy, and thanks to everyone who joined in with this. We do have some English Oak, Wild Cherry and Silver Birch still available if anyone would like some. They have been grown on in pots, thanks to Andrew and Helen Fry, and so can be planted out at any time of the year providing they are kept watered in this rather dry weather. Either contact Andrew or Helen on 897260 or the parish clerk if you would like some.

The next Parish Council meeting will be held on Wednesday 14<sup>th</sup> September at 7.3pm in the Village Hall.

## SHIPTON GORGE HERITAGE

**Heritage Gin Club** - the winner in the bonus month of July was Kelly Puttock – a bottle of Mr Groves Violet Gin has headed her way – Congratulations Kelly. The next draw in August will be the first one against the new set of tickets sold for year 2.

## Saunders Richardson Wood –

The next open day in the wood will be on Sunday 14th August 10.30am to 1pm. Similar format to the July one – you are welcome to either have a gentle stroll round the wood, or if feeling extra keen, you could come along to help tend to the new trees and saplings – especially important with the current warm weather. Please come and see what a special place we have on our doorstep! There is also potentially another open day later on in August – aimed towards the younger members – will let you know nearer the time if this is possible.

These are members' only event, but membership is **FREE**, is open to **ALL** Shipton Gorge residents, and we can sign you up on the day.

## Shipton Gorge Orchard –

The choice of having a meandering path, rather than a full cut – which should be more wildlife friendly – seems to have been met with approval. We are due to get advice soon from a local fruit tree expert regarding the health of some of the trees – will keep you updated. There does seem to be a lot of fruit on the trees – which bodes well for a good harvest.

For those who like forward planning, we will be holding an Apple Day produce and plant sale in the village hall on Saturday 22 October – further details nearer the time.

If you are interested in supporting the charity in any way, please contact one of the Trustees for information.

### Coffee Mornings

As is normal during the school summer holidays here is no Coffee Morning in August.

The next coffee morning details are below.

### Wed 14<sup>th</sup> September, run by Friends of the Library.

They are popular, good value for money and the cakes are amazing.

### General Hall Information

The summer holidays usually mean the Hall is quieter than usual as many regular users also take a break. The Arts side of the Music and Arts Festival has its normal weeklong exhibition of Arts and Crafts by local Artists for sale during the period 16<sup>th</sup> to 20<sup>th</sup> of August.

Meanwhile the Trust Committee continue to progress improvements to the Hall, including resurrecting and improving the stage lighting and trying to replace the existing solid storage shed with a larger unit. We now have planning permission to do this but are struggling to find a contractor to do the work. The exterior of the Hall has been repainted, gutters cleaned etc and it is generally looking in good shape.

If there are any contractors out there willing to demolish the existing tiled shed structure and rebuild it we would love to hear from them.

The big news for this edition is to report on The Burton Bradstock Village Society Flower & Produce Show, held in the Village Hall on Saturday 16th July. We all wish him a speedy recovery from his recent brush with “The Covid”.

### **A Letter to the Editor**

In this beautiful village of ours we have the sea, the country and a reasonable climate. So we must remember those senior citizens who through no fault of their own— maybe have no family and are unable to drive. As neighbours may we be generous and offer them coffee or a helping hand, especially in this difficult time when the virus is still around.

God bless everyone, even world-wide.

Keep safe,

## Burton Bradstock Parish Council

### Next Meeting

There will be no Parish Council meeting in August.

### Contacting the Parish Council

As stated above we welcome your involvement and suggestions. If you are contacting us though, it is helpful if you can give your name and contact details as we cannot respond to anonymous letters.

**To contact the Council please email the Clerk:**

## **Planning Notices**

A reminder, that as planning notices are no longer sent to neighbouring properties from Dorset Council, when applications are sent to the Clerk, we put a notice, with a link to planning on our website. A notification is also posted on our Facebook page and displayed on the board by the library and Reading Room.

## **Burton Bradstock Parish Council social media**

On Facebook you can keep up with all the latest events, developments, planning, road closures by following @burtonbradstockparishcouncil

The Parish Council also has a new Twitter account. Please follow us at @BBParishCouncil (Burton Bradstock Parish Council).

This replaces an earlier account. We'll be tweeting about PC matters and other things of local interest!

## **Hire of Reading Room**

With more people working from home, don't forget the Reading Room is an available working space with Wi-Fi, for £7 a session (morning, afternoon or evening) It also works well for meetings and at an additional cost we can now offer the big screen availability to hold meetings where you can share documents with those attending. Please contact the clerk for availability.

## **Burton Bradstock Community Library**

The Library is planning to hold two Lego sessions this summer on TUESDAY 2<sup>ND</sup> AUGUST at 10.00am and WEDNESDAY 24<sup>th</sup> AUGUST at 2.00pm. In the past the Lego sessions have proved to be popular and encouraged the children into the Library and we are hoping they will do so again. Additional details are included earlier in the Magazine.

The Library has accumulated a good selection of Lego bricks but still requires those extra interesting bits that make the difference. If you can spare the odd accessory, a bit of vegetation, sea creature or anything that will encourage the children to be creative it would be very welcome. If so please contact John Lewis 01308 897304 or Rose Daniels 01308 898049, or leave them at the library.

During August the Library continues to **OPEN** as normal, from 2 00pm-4 00pm on Monday and Saturday afternoons and 10.30 to 12.30pm on Wednesday mornings. All the normal services are available and we look forward to seeing you!

Speakers about animals are always very popular at our WI meetings and Kevin Little's talk entitled "Donkeys, Dolphins, Foxes and Fish" did not disappoint, albeit was mostly about fish! His father used to own a fish shop so he had many amusing and somewhat "fishy" tales to tell that kept everyone entertained!

Also at our July meeting were our annual competitions, the entries to which were of a very high standard. The Knitting Trophy was won jointly by Joan Allan and Jean Filby who both entered items with some very intricate designs. Jean Filby also won the Craft trophy for her beautiful cross stitch map of Dorset, which was very impressive.

Winners of the art competitions were Sheila Spencer-Smith and Val Ellis with, again, some very impressive works. Congratulations to all the winners and well done to everyone who entered.

As it was the WI Coffee Morning at the Village Hall the following morning, all the entries were left on display and were obviously very much admired by all who came.

Going back to our meeting in June (which I haven't yet reported on as it was after the deadline for the July issue of the BVN) we had a most enjoyable talk from Daphne Atkinson, together with lots of lovely photos, about "The Queen's Hats". Who knew the Queen has a total of around 5,000 hats – and over 100 umbrellas to match all of her outfits!! We not only heard about these but also about her collection of headscarves and shoes (of which she only has a few, but very comfy pairs!) The talk was very appropriate for our June meeting as we were still celebrating the Queen's Platinum Jubilee. We not only sang the National Anthem and had a toast of Prosecco, but lots of members wore posh hats, in line with the talk, and posh frocks too. Diane kindly chose the most flamboyant hat and the prize was awarded to Jan Clark who was sporting a beautiful creation in black.

We do not have a meeting in August but in September we shall be welcoming Sarah Delves who is going to talk about "The History of Handbags" – a commodity that we ladies don't seem to be able to manage without!!

In the meantime we hope members will be knitting squares for the Dorset Federation challenge of making as many knitted blankets for charity and for Ukrainian refugees as we can.

It is our WI's 105<sup>th</sup> birthday later this year and it has been suggested that we could try and make 105 squares. We have until October so that should give us plenty of time!

Here's hoping that everyone has an enjoyable summer break and that the weather will be kind to us.

## Sunflowers for Ukraine

How are all those sunflowers growing .... or not? Certainly slugs, snails and extreme heat have not helped. If your sunflower is already blooming keep a note and a photo of its height ready for 'judging' day at the Coffee Break on **Saturday September 10th**.

## Ride + Stride Saturday 10<sup>th</sup> September

This annual opportunity for a lovely day out with one or two friends or members of the family is approaching. Money is raised for the upkeep of our church – half the money raised goes directly to St Peters and the rest goes to the Dorset Historic Churches Trust, to whom it is possible to apply for a grant when we need a large sum for maintenance, which Long Bredy has done in the past. You don't have to be a church-goer to appreciate these beautiful buildings. Riders choose their route and cycle or walk as far as they wish.

Please contact Rachel Maltby (482246 or maltbys77@btinternet.com) for a sponsorship form if you would like to give it a go, or go to the Ride + Stride page on the website below.
